REFERENCE POINT:

Riga RR Station and Yards, Main, [REDACTED] 56°56'46"N -
24°07'52"E.

LOCATION:

10.5 nm north-northeast of reference point.

FUNCTION:

SAM site deployed for the defense of Riga.

SITE STATUS:

Mid stage of construction.

REMARKS:

Excavation of the six launch pits, the guidance area revetments and one missile hold revetment has been completed. Initial clearing has begun on the complex network of service roads. Site is situated on relatively flat terrain in a heavily wooded area.
